## **Applying Zipper:**

Take (1) 16-1/2" x 16-1/2" square.

With teeth side of zipper facing right side of fabric center zipper so each side has excess hanging over.

Clip or pin in place. **Note:** Zipper foot is helpful.

Attach sewing zipper along 16-1/2" length of fabric.

Fold over and topstitch along top edge of zipper.

For other side of zipper follow above-mentioned directions making sure to line up fabric edges while clipping zipper in place.

Fold over and topstitch along edge of zipper.

Put both sides of zipper together opening half way.

Secure each edge of zipper by stitching over each end of zipper back and forth a few times carefully.

## **Preparing Ties:**

Take on 16-1/2"x 2-1/2" and iron in half.

Fold each side to center.

Fold in half again and iron.

Do this to the (3) remaining strips.

Do a Serpentine or decorative stitch of your choice down center of each strip.

Choose one 16-1/2" side to attach your ties to.

Measure down from edge of zipper 3".

Find center of tie and clip in place.

Measure up from opposite side 3".

Find center of tie and clip in place.

Repeat process on remaining sides.

Sew ties down using 1/8" seam allowance.

Secure ties so they can't get caught while sewing perimeter of cushion.

Place right sides together and keep all ties inside.

Use clips or pins around edges.

Make sure zipper is open wide enough to be able to pull the rest of the cushion through.

Sew 1/4" seam on all three sides.

## **Boxed Corners:**

Take corners and match up seams forming a triangle.

Mark from corner 1" in.

Do this to all four corners.

Sew on one line to leave 1/4" allowance.

Open zipper and pull through cushion cover.

Insert a 14"x14" foam cushion.
